---

This matter was opened to the New Jersey State Board of Respiratory Care upon the receipt of information that Eugene Goins, a licensee of the Board of Respiratory Care in the State of New Jersey, has entered a plea of guilty to a third degree crime involving misapplication of entrusted property conditioned upon his admission into the Pre-Trial Intervention Program. If Mr. Goins successfully completes the requirements of the PTI Program, the plea of guilty will be vacated and the charges dismissed. More specifically, it was alleged that Mr. Goins had made an insurance claim following a theft from his home of a computer on loan to the University of Medicine and Dentistry. Mr. Goins had been employed at UMDNJ as a director of respiratory services prior to but not at the time of the theft from his home. As part of a plea bargain, Mr. Goins agreed to make restitution to the insurance company of over \$4,000.00. The facts underlying the guilty plea outlined above constitute a violation of N.J.S.A. 45:1-21 and thus grounds

exist for disciplinary action against the license of respondent to practice respiratory care in the State of New Jersey.

The Board having considered the aforesaid information, and the parties being desirous of resolving this matter without the necessity of formal proceedings; and Eugene Goins having acknowledged the facts set forth above, and having waived any right to a hearing in this matter; and the Board finding that good cause exists for the entry of the within Order;

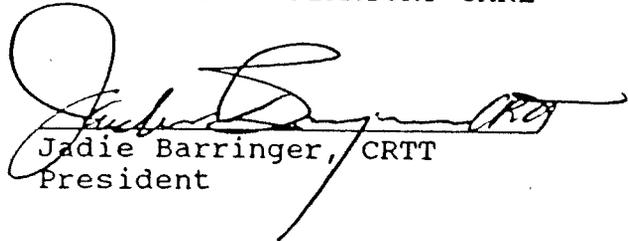

IT IS ON THIS 13 DAY OF August, 1996,

ORDERED:

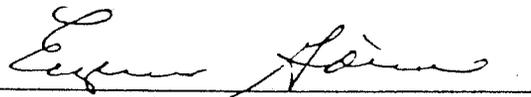

1. EUGENE GOINS is hereby reprimanded for the conduct outlined above.
